These are green, red, blue and black labels. We carry the green, red and blue labels in shirts and drawers, and red and blue labels in combinations. Insist on seeing the labels. C. W. JACKSON'S SALE - Tuesday, October 2nd**Municipal Hospitals**

Municipal Hospitals was the subject for discussion at the C. I. C. Literary Society semi-monthly meeting last Tuesday evening.

As this is a subject in which people are very much interested locally, the topic is very appropriate and a keen interest was shown by the goodly number in attendance.

Two very interesting and instructive talks were given and the subject viewed from many angles. Mrs. Lonsbury in an exhaustive paper gave a history of Rural Hospitals and traced all the steps which led up to the passing of the Municipal Hospital Act by Alberta. These Rural or Municipal Hospitals have been in operation for several years in Saskatchewan and ever since 1909 in Iowa. This state is the birth-place of Rural Hospitals. People in outlying districts have to travel long distances to reach doctors, hospitals and trained nurses, and the fact that these people need attention as well as those more favorably located has made it necessary for something to be done.

Mrs. Warrick gave the sum and substance of the Hospital Act as passed by the Legislative Assembly last April. The steps necessary to get a hospital in any given district were given. This preliminary work starts out with a petition signed by twenty-five electors which is sent to the Minister of Municipal Affairs. If this is successful a hospital board is appointed whose business is to attend to all the details of the matter, such as location of site, obtaining suitable buildings and necessary help as doctors, nurses, etc., fees to be charged and methods of taxation. In all of these matters the board has quite a free hand. However, the rate of taxation must not exceed two mills on the dollar. These details are all arranged and presented to the council which embodies them in a by-law which is finally voted on by the people.

The last half of the meeting was given over to open debate headed by Dr. Sharpe. During this part many interesting and instructive points were brought to light. The general opinion expressed was that the hospitals should be established as quickly as possible and that they should be absolutely free to the individual both as to hospital accommodation and medical attention.

Just before closing the following resolution was passed, copies to be sent to the Town Council of Lacombe and other bodies, and persons working to get this matter started.

"Resolved, that this Literary Society having examined in detail the provisions of the Municipal Hospitals Act of Alberta wishes to place on record its satisfaction

with the possibilities of such for this and the adjoining districts; and further, desires to express its appreciation of the preliminary work that has been done towards this end. We believe that the highest interests will only be served if the Act is made use of to the fullest extent, and free medical treatment included in the scheme. To this end we would memorialize the Town Council of Lacombe and such other bodies and persons as have powers in this connection that they assist this movement which is so vital to the interest of our community."

Future Not Bright For Huns

Paris, Sept. 21.—(Via Reuter's Ottawa Agency.)—Interviewed by the London correspondent of Le Journal, Lieut.-Gen. Smuts, the South African soldier-statesman, referring to Germany's present position says:

"She has little or no improvement to hope for. Can one doubt on the other hand, that the growing feelings of terror which possess her as she sees the nations range themselves side by side, against her, her food problem becoming daily worse, her economic future hopelessly compromised, and her name more and more detested, in short, she is faced with the prospect of being strangled to death unless the entente reopens the doors of the world to her. What does the future offer to her? Even on the impossible hypothesis of a reversal of the military situation, there is nothing Germany longs for more ardently than peace. All her people feel that their position is desperate, but before thinking of peace, we must be certain of having finished with military imperialism."

Japan May Protest

New York, Sept. 20.—A dispatch to the Chicago Tribune from its Washington correspondent reproduced this morning in the New York Tribune says:

"While officials here were sounding today the praises of Kerensky for proclaiming a republican form of government at Petrograd, there reached Washington the most disheartening intelligence since the United States became a belligerent. Russia, according to an official report, is not unlikely to conclude a separate peace with Germany and quit the war, selling to Germany all military supplies as well as foodstuffs and raw materials."

"WE CANNOT GREET GERMAN WOMEN AS SISTER'S IN FAITH"

London, Sept. 20.—Replying to an invitation to attend a meeting at Lucerne, Switzerland, on September 20th of the bureau of the international union of the Roman Catholic Women's League at which peace is to be discussed, Mrs. James Hope, president of the English branch, has written: "We feel it is impossible for English women to meet German women in friendly intercourse as long as crimes against religion and humanity committed at the instance of the German government remain unresented and not atoned for. We cannot greet German women, as sisters in the faith until there has been expiation of these wrongs."

REFUSE TO PAY TO PATRIOTIC FUND

Fernie, B. C., Sept. 20.—Saturday was miners' pay day, and on receiving the pay they took exception to what they deemed too large deductions for patriotic fund. They held a special protest meeting and refused to resume work until the patriotic fund deductions were returned. The local patriotic committee held a special meeting and agreed to refund the money deducted for the period ending August 31 and make no further deductions on account of the patriotic fund from miners. Work, therefore, resumed today.

Buckingham, Que., May 8th, 1915.
For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-lives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-a-lives", and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take "Fruit-a-lives", and you will get well".

ONE of the rare treats in store for Chautauqua patrons is a short afternoon program and a full evening concert by the Waikiki Hawaiian Quintet. This group of Hawaiian musicians are finely educated and finished in music. They are principally drawn from the Alekai and Toots 'n'ka Troupes, who aroused so much enthusiasm throughout the United States for several years. With ukulele and guitars they play the beautiful, soothing and wistful melodies of the islands in a manner that grips the hearts of every one in the audience.

Moral Training

At a meeting of the Naom Mother's society the other day a Calgary school teacher made the statement that the school has largely replaced the home in the training of children, special reference being made to morals. The distressing thing about this statement is the fact that it is true. Not because the teacher has any desire to take first place from the parent in this important matter, but rather because the parent has so sadly neglected his duty that the task has been forced upon the teacher.

Moral training is quite as essential for the well being of the child as is the attainment of a general education. The home should be the place where the foundations of moral training are laid; it is not as it should be if the school has to assume this burden though if no one else does it is better that the school should step in. The reason so many parents fail to do their duty in this connection is because they do not know how. How weak and inefficient are our social and educational systems when they take little or no account of child training by parents. We teach our girls and boys a smattering of pretty nearly everything that has to do with material welfare and leave them in ignorance of the how, why and wherefore of matters much more important.

Mr. Aberhart made no true statement than this, that moral training must be suited to the

temperament and environment of the individual. It is impossible to take a set of moral rules or precepts and pound them into the heads of a class of children with a club. They must be adapted to the special needs of the individual in each case, and he or she who would instruct children in morals successfully must be a student in psychology. We must know the child. Hence Mr. Aberhart's suggestion that the parents and teachers get together and work in sympathetic relationship. The parent knows something of the child the teacher should know, and the teacher can tell the parent much that will be of benefit; together they may plan and work to the great advantage of the pupil. Whether the teacher or parent takes first place in the training work matters little; the main thing is that the child should be trained.—Calgary Herald.

The Kootenay has a nicked steel, rust-proof oven that is as easy to wash and keep clean as any cooking utensil. The ash-chute directs all the ashes into the pan, which is roomy and large enough to hold a two days' accumulation. Write for booklet.

Next Week is Sheepmen's Week...

The Ram Sale will be held in Lacombe on October 4th and from the entries received it is going to be the best yet. A slight indication of the way the sale is growing is the fact that at the last sale there were 28 entries, while this year the entries total 74. Sheep men from all parts of Alberta will be here on sale day, and arrangements for their accommodation have been made by the Association. C. F. Dameron, of Bentley is the auctioneer in charge of the sale.

Following are the rules governing the sale, and the entries to date. Other entries are expected, but as they are too late to catalogue they will take numbers above 74 and be sold after the catalogued entries:

The Management will be under the control of the Executive Committee of the Lacombe Wool Growers' Association.

Each animal entered shall be sold to the highest bidder. There shall be no by-bidding by the owner of the animal or anyone authorized by him. This rule will be strictly enforced.

Any ram lamb failing to bring \$15.00, and any shearing ram or over failing to bring \$20.00 shall not be sold by the Association at the Sale.

Any Grade ram failing to bring \$10.00 will not be sold by the Association at the sale. Other rules covering Registered Ram Sale will apply, except regarding registration.

All animals must be settled for within one-half hour of the sale of animal, and immediately after each purchase is declared the risk of the animal shall be exclusively with the purchaser.

The purchase of an animal at the Association Sale will be given ten days after the last day of the Sale within which to file with the Sales Manager claim for compensation by reason of any erroneous information respecting such animal that may appear in the catalogue.

The Returned Men

We like to stand on the platform and watch them dribble back. They are the men who return after writing in letters of blood their own little page in the book of nationhood.

Hardy men, they heard the drum beats from afar. From the land of the snow to the far north, from the grain fields, the lumber camps, the mines and the stores, they answered the call that the empire might live.

They are the men who have gone over the top at dawn, fighting their fight by God's light, while the horrible Huns burrowed beneath the surface like gophers.

They answered the siren song of human freedom and left homes, plunged in the vortex of sorrow, left the land of open spaces where it is easy to breathe and offered themselves on the altar of the Grim God of war.

But now they are coming back, a few at a time. Some to pick up again the hammer and spade. Some to learn the game of keeping a set of books in balance with the hand and arm that are left.

But they got off the hospital train and marched again to the bugle's call for the last time—marched bravely swinging their stiff legs from the railroad station to the discharge depot.

There they lifted their hats reverently to the strains of the National Anthem and in their eyes—tired and weary—but glistening from the horrecoming, burned the fires of glorious chivalry.

They are only men—men whose hearts are a little truer, grown great with the greatness of sacrifice. They are only men—men whom the unborn babes of Alberta will remember for generations to come as the splendid children of the dawn.

They were not mercenaries seeking glory with the butcher's blade. They are only men who heard the story of a little nation crushed to death by another nation grown gross with power.

And they went away for \$1.10 a day to right that which was wrong. They came from their daily toil like young giants to give their best in manpower.

And now they are back and done with the carnival of war. They are back to receive from the government some recompense for the heritage of freedom which they have helped to save.

Down the street they tramped in the dusk, their foot-steps throbbing on the sentient air like the pulse of a new-born babe. They, God bless them, are Alberta's returned boys, back home again, and everything.

Wm. Kerber was up before the magistrate on Thursday night charged with assault on Albert Miller and Frank Storey. On the former case he was fined the costs of the court and the latter cost him \$10 and costs. A. M. MacDonald and E. H. Jones appeared for the parties interested in the matter.

The Rex starts to show every evening this week. On Wednesday (tonight) a great serial, the greatest thriller of them all, "The Voice on the Wire", starts. This is a most mysterious drama, and is even better than "The Black Box," which was such a favorite here.

"The Whip" is the big feature tomorrow night "Red Cross Night" at the Rex, and it will draw a crowded house. It has

run for weeks in the cities to packed houses, and is going back to Calgary and Edmonton for several more days. The prices of admission are 75c and 25c, and tickets are on sale at Creighton's Drug store.

"Tomorrow Night, Red Cross Night at the Rex," THE WHIP. Don't miss it.

Mrs. Mason has opened a bakery in the building recently occupied by Mrs. Clark, next to Tittsworth's Store. She will keep a line of first class bread and buns and will probably add other lines in the near future.

A Church of England service will be held in the Spruceville school house on Sunday next at half past four. This will be a Harvest Thanksgiving service, preacher Rev. H. Assiter.

In St. Cyprian's church on Sunday next there will be Holy Communion at 8 a.m., Sunday school at 2.30 and Evening prayer at 7.30.

The Sifton Government allowed the Alberta soldiers over in France to elect two members for the Alberta Legislature. The vote was held a few days ago and Capt. Pearson and Nurse McAdam were elected. The total vote polled was 26,000. This vote is larger than the total vote secured by the eight cabinet ministers of the Alberta legislature, including Premier Sifton, and our soldier boys will probably have a little reckoning with the Sifton bunch when the time comes. According to the Sifton idea, one vote from a civilian in Alberta is equal to ten votes of our soldiers who are fighting in the battle line.

Get Rid of the Blues!

A great many people are only half alive. Are you one of them? Exchange that down-and-out, what's-the-use feeling for the strength of better health, abundant nerve force, and keen relish for your meals. One of Canada's most eminent physicians has expressed the opinion that the systematic keeping clear of the intestinal tract would save hundreds of thousands from that semi-insane state, melancholia. For this purpose nothing can quite equal Chamberlain's Tablets. They also possess other properties which aid in establishing a natural and healthy action of the bowels.

"Step Lively" At The Comet

"Step Lively" is a worth-while attraction, under the direction of the United Producing Company. It is coming to the Comet Theatre on Wednesday Oct. 3rd. Julius Velie and Hazel Wood recently seen in stellar roles in Freckles will unquestionably influence the huge success of this musical production. It is motion all the way. Miss Hazel Wood as the "Smith's Corner" Postmistress is easy to look upon, and graceful as a fawn; her costumes, personality and voice command attention. Julius Velie is a pleasing "Tom Brice," the hero of the "Baseball Nine," and has a better opportunity to exhibit his remarkable versatility than in the role of "Freckles." Miss Zenside Williams does a country girl, garbed in the popular Quaker Grey, with admirable lack of self-consciousness; and Miss Katharine Sheldon, as the "Small Town Gossip," is a scream from start to finish.

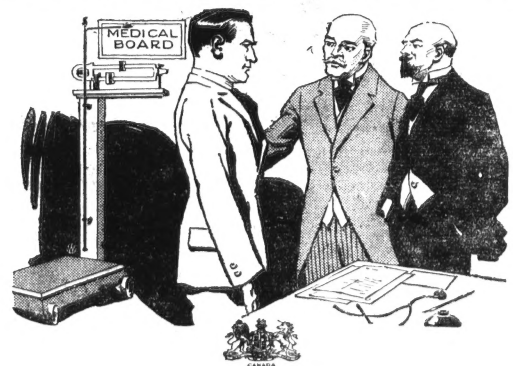

Supreme Court

The first sitting of the Supreme Court was held in Lacombe on Wednesday and Thursday last, Judge McCarthy presiding.

B. Jester, charged with shoot-
ing one Vanstone, was given three
months and Vanstone was bound
over to keep the peace.

Chas. Brown drew a two years
sentence, and his wife was bound
over for two years to keep the
peace.

The young Ponoka boy who
was charged with indecent assault
was let off on suspended sentence.

These Men Will Help You Decide

Are you liable to be selected for service under the Military Service Act?

The answer to this question is being made readily available for you. Remember that the first class to be called includes only men between the ages of 20 and 34, both inclusive, who are unmarried or widowers without children, those married after July 6, 1917, being deemed single for the purposes of the Act.

Medical Boards are now being established throughout Canada. These Boards will examine, free of charge and obligation, all men who wish to be examined as to their physical fitness for military service. They will tell you in a very short time whether your

physical condition absolves you from the call or makes you liable for selection.

It is important that you obtain this information as soon as possible. A certificate of unfitness from a Medical Board will secure for you freedom from responsibility under the Military Service Act from any Exemption Tribunal. A certificate of fitness will not preclude an appeal for exemption on any ground.

In order that you may be able to plan your future with certainty, visit a Medical Board as soon as possible and find out if you are liable to be selected. Your family and your employer are interested as well as yourself.
